

One Acquisition Solution for Integrated Services Plus (OASIS+)

Best-in-Class

OASIS+ has been designated as a Best-in-Class (BIC) contract by the Office of Management and Budget making it a preferred governmentwide solution.

OASIS+ is a governmentwide contract program designed to meet government agencies' mission needs for a full range of service requirements that integrate multiple service disciplines and ancillary services and products. The contract scope is organized by domains, which are functional groupings of related services. Each domain contains multiple North American Industry Classification System (NAICS) codes.

Find the OASIS+ NAICS codes by Domain at

www.gsa.gov/oasis-plus/about/domains-naicscodes-scope-labor-categories/

There are eight Domains that compose the scope of Phase I:

*Management &
Advisory Services

*Technical &
Engineering Services

Research &
Development Services

*Intelligence
Services

Environmental
Services

Facilities
Services

Logistics
Services

Enterprise Solutions
(available only on the
OASIS+ UR IDIQ)

OASIS+ Features and Benefits

Features

- Flexible, expandable Domain-based structure with fair-opportunity groupings across six distinct contract programs, five of which are SB and socioeconomic set-asides
- Global access to all contract types for commercial and non-commercial services acquisitions, including a hybrid of the two
- No contract ceiling or cap on awards (contract and task-order level)
- Technology-based ordering and market-research tools are planned and will support customers with using the contracts
- Industrial base of highly qualified contractors
- 10-year order period (base of five-year and one five-year option period)
- Frequent on-ramping after initial award
- FAR Subpart 16.505 streamlined acquisition procedures

Benefits

- A single solution for a broad scope of complex and frequently changing requirements and all contract types
- Supports SB set-asides and sole-source (direct) 8(a) orders with SBA coordination
- Offers flexibility to choose appropriate contract type to mitigate risk
- Increased competition at the task-order level
- No risk of reaching maximum ceiling and interrupting mission-critical procurements for customer agencies
- Saves time and money by reducing procurement lead time and administrative effort
- Access to contractors with demonstrated federal experience
- Allows for long-term planning of large-scale program requirements
- Ensures greater competition and access to highly qualified contractors, including socioeconomic concerns
- Allows for ease of ordering versus FAR subpart 15.3
- No protests on orders valued up to \$10 million
